Warnings of flood stages in the Ohio river
and some of its larger tributaries have been
issued by the Weather Bureau at Washington.

The tax rate at Dover has been fixed at 50c
on each \$100 of appraisement. This is a re-
duction of 15c from last year, which becomes
possible owing to the sale of the old brick
plant to the Wamsley planing mill. The town
is now practically out of debt.

D. C. McMath, who was sent to the Frank-
fort Penitentiary from Bracken county to
serve a term of three years, in connection
with the failure of the Foster Bank, has been
granted a parole, and will be released February
1st permitting him to return home some four
months before his time expired.

Falling Hair You Run No Risk When You Use This Remedy

While many people in their prime doubt the
assertion that "the hair of our head are num-
bered," yet there is today many a man and
woman fast reaching the point where this
statement is literally brought home to them.
If you suffer from irritation of the scalp, and
from dandruff, or if your hair is falling out,
do not wait until you reach the point where you
can actually count how many hairs are left on
your head.

Most cases of baldness are caused because
the roots lack proper nutrition. In such cases
there is a microbe which bores through the
scalp along the line of the hair into the root,
and when it lodges there it begins to destroy
the fatty matter around the hair roots. When
the scalp and hair roots are strong and healthy,
it is impossible for these microbes to get in
their deadly work.

I can promise you that, if your hair is fall-
ing out, and you have not let it go too far, you
can repair the damage already done by using
Rexall "93" Hair Tonic. It is a scientific,
cleansing, antiseptic, germicidal preparation,
that destroys microbes, stimulates good cir-
culation around the hair roots, promotes hair
nourishment, removes dandruff and restores
hair health. It is as pleasant to use as pure
water, and it is delicately perfumed. It is a
real toilet necessity.

I want you to try Rexall "93" Hair Tonic
with my promise that it will cost you nothing
unless you are perfectly satisfied with its use.
It comes in two sizes, priced 50 cents and \$1.
Remember you can obtain it only at my store

Yesterday Captain C. M. Pfister received
the following telegram from his son, Lawrence
H. Pfister, which is self explanatory and
needs no diagram—

KANSAS CITY, January 20th, 1910.
"Eight pound boy arrived 10 a. m. Mother
and son doing fine. Love to grandpa and
grandma."

It is needless to say that grandpa and

for the wounds of man, only when the iron has
wounded it.—Chateaubriand.

Dover citizens are to have a mass meeting
tomorrow evening to talk up a Graded School.

Mrs. William Clark, aged 38, daughter of
Mr. and Mrs. R. M. Booth of Dover, died the
past week at her home in Brooksville.

Mrs. Henry W. Taylor of Hillsdale, Bracken
county, recently sold twenty-one Mammoth

STOMACH CENTER OF HUMAN LIFE--ALL ELSE SECONDARY

The immense success which has followed L.
T. Cooper during the past year with his new
preparation has exceeded anything of the kind
ever before witnessed in most of the leading
cities where the young man has introduced the
medicine. Cooper has a novel theory. He
believes that the human stomach is directly
responsible for most disease. To quote his
own words from an interview upon his arrival
in an Eastern city:

"The average man or woman cannot be sick
if the stomach is working properly. To be
sure, there are diseases of a virulent nature,
such as cancer, tuberculosis, diabetes, etc.,
which are organic, and are not traceable to
the stomach, but even fevers can, in some
cases out of ten, be traced to something taken
into the stomach. All of this half-sick, ner-
vous exhaustion that is now so common, is
caused by the stomachic conditions, and it is
because my remedy will and does regulate the
stomach that I am meeting with such success."
"To sum the matter up—a sound digestive
apparatus that is doing its full duty, getting

every particle of vitality out of all food by
transferring it to the bowels in a perfectly
digested state—this above all else brings
health."

Mr. A. C. Brock, chef of the Brock Restau-
rant, Market District, Boston, Mass., who is a
staunch believer in Mr. Cooper's theory and
medicine, has this to say: "I had chronic indig-
estation for over three years. I suffered terri-
bly, and lost about thirty pounds. I was a
physical wreck when I started this Cooper
medicine, a month or so ago. Today I am as
well as I ever was in my life. I am no longer
nervous, my food does not distress me in the
least, and I have a splendid appetite. I am
gaining flesh very rapidly—in fact, at the
rate of a pound a day. I would not believe
my medicine on earth could have done for me
what this has done. It is a remarkable pre-
paration, and Mr. Cooper deserves all his suc-
cesses."

I recommend the Cooper preparations as
being remarkable medicines.—Thos. J. Cheno-
weth.

Over \$100,000 of the \$300,000 guarantee

nati has been subscribed.

LEBUS WRITES PRESIDENT

Lays Whole Burley History Up to
the Man Who Knows What a
Square Deal Is

WASHINGTON, January 20th.—A letter to
President Taft from President Clarence Lebus
of the Burley Tobacco and Insurance Company,
appears in The Congressional Record today. It
was placed there on motion of Representative
Cantrill of Kentucky, who, when in his speech
defending Kentucky tobacco interests in the
House last Monday, had this letter printed in
connection with his address.

The letter is remarkable for its thorough
covering of the matters at issue between the
Burley Society and its enemies, and declares
the Society has at all times deprecated violence
and night riding outrages.

WET COMMITTEE WINS

First Round in Battle Over County
Unit Bill—Doings of the
Legislature

FRANKFORT, Ky., January 20th.—After four
days of parliamentary battle, the opponents of
the Unit Bill won their fight in the Senate to
have the measure referred to the Committee
on Religion and Morals, of which Senator
Combs is Chairman, which Committee is be-
lieved to be opposed to the bill, and probably
will make a report unfavorable to it.

The final line-up showed eighteen Senators
in favor of referring the bill to the Religion
and Morals Committee, and fourteen against
such reference.

The temperance people refined all com-
promises and lost out.

The following were among the new bills in-
troduced:

- Act to repeal the dog tax law.
- Act to exempt soldiers of the Civil War
from paying a poll tax.
- Act to repeal the act creating the State
Racing Commission.
- Act creating a County Text Book Commis-
sion to adopt a uniform series of text books,
and regulating prices thereof.
- An act creating a State Game and Fish
Commissioner of four members with power to
appoint an Executive Agent at \$2,500 a year.

PROF. WILLIAM T. SEDGWICK has been lecturing to Columbia students on the dirt and discomfort of the "good old times." Beyond doubt those elements existed. It was to the disadvantage of the early nineteenth century, too, that sixteen hours made a day's work in the mills and that whisky was only 20 cents a quart, while tea was \$5 a pound. Yet "the good old times" were present. They always are present.

The days when men's health and hearts and hopes are at their best; the days when men see most in life and get the best out of it; the days when sunshine and rain are natural incidents and not complaints—these are "the good old times." They do not depend on the appointment of health officers, the application of steam heat, the invention of telegraphs, tele-

phones, electric lights and automobiles.

Our fathers had "good old times" and so had our grandfathers. Otherwise it would be so much the worse for us and most modern contrivances still would be unimportant. These are our "good old times" which we enjoy today. We can appreciate them without being sorry for the people who were born ahead of them. They, too, were happy in their way. The men and women of a later generation will esteem their times better than ours. It is the pleasure and privilege of every age to exult over its predecessors. When "the good old times" stop, the world may as well drop out of its orbit. It still may go round, but it will no longer go ahead.—New York World.

LEXINGTON, Ky., Jan. 20th.—Fearing an attack by night riders, by whom he had been warned, William Rohrer, a tobacco grower of Harrison county, this morning asked the Sheriff to protect him while hauling tobacco to Cynthiana. He said that he had been threatened with violence should he attempt to move this tobacco from his barns. Two Deputy Sheriffs went to his aid.

In the Senate yesterday Senator Bradley made a vigorous defense of the Kentucky tobacco growers and the Burley Tobacco Society. He uttered a protest against the report on "night riding" in Kentucky. After giving some history of the events leading up to the passage by the Kentucky Legislature of the statute allowing the farmers to pool their tobacco, Mr. Bradley asserted that the "Trusts and not the night riders are responsible for all the crimes committed within the borders of the State in connection with the tobacco troubles."

A SIMPLE QUESTION.

Maysville People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Maysville more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. Della Menne, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being a sharp pain through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches soon began to bother me, and I often became so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I used helped me, and I was in a bad way. Dropsical swellings appeared, and there was an almost complete retention of the kidney secretions. My body also bloated, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been freed of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and I obtained so much relief from the first box that I continued taking the remedy until entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was troubled with falling and inflammation, and the doctors said I could not get well unless I had an operation. I knew I could not stand the strain of one, so I wrote to you sometime ago about my health and you told me what to do. After taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am today a well woman."—Mrs. WILLIAM A. HENS, 988 W. 21st St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, period pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to again work naturally at certain hours—then buy it of your druggist at fifty cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now, fully convinced of its merits, they buy the one dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Ind. J. F. Daniel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 507 Caldwell building, Monticello, Ill.
